Med Graph Continues Building Leadership Team

-- Mike DeRiso to Advise on Sales and Marketing --

Rochester, NY – December 19, 2001 – Med Graph, Inc. today announced that Mike DeRiso was elected to the Board of Directors to assist in the development and implementation of the company's sales & marketing activities.

Mike is currently Vice President of Enterprise Solutions at MediaSite, Inc. where he is responsible for direct and channel sales, marketing, and product management. Prior to joining MediaSite, Mike was Solutions Program Director in the Worldwide Financial Services and Healthcare group at Xerox. He led four teams in the design, development, and market introduction of solutions, including the DocumentXchange™, one of Xerox's first comprehensive internet-based solutions. Mike had responsibility for industry-specific global solutions with customers across three continents. "I'm very excited about becoming associated with Med Graph," said Mr. DeRiso. "This is a company with great technology, a strong team, and a market opportunity in healthcare that is virtually limitless."

Med Graph already has two patents that are defining state-of-the-art medical data management, analysis, and electronic communication. "We're pleased to have someone with Mike's talent and experience on our Board," said Ed Schlueter, President and CEO of Med Graph. "His knowledge, especially in the areas of business development and technology licensing, will be invaluable as we grow our business." Mike has already begun advising the Med Graph team on potential strategic partnerships in the medical marketplace.

Mr. DeRiso has extensive experience in the software and systems integration industry. He was the general manager of process industry consulting and systems integration with Scientific Systems Services and the vice president of research and development with a spin-off from the University of Pittsburgh. As a senior member of the technical staff at the Software Engineering Institute at Carnegie Mellon University, Mike was responsible for technology transfer, including intellectual property licensing and cooperative research and development agreements. Mike holds a BS in Mathematics / Computer Science from Carnegie Mellon University and an MBA from Duquesne University.

DocumentXchange™ is a trademark of Xerox Corporation.

About Med Graph, Inc.
